**STREET LIGHT ENGINEERING
MEMORANDUM**

TO: Purchasing Department

FROM: Street Light Engineering Operations *Tom Menay*

SUBJECT: I.T.B. #7017
MISCELLANEOUS ELECTRICAL PARTS

DATE: March 31, 1994

Please let this serve as the formal request for a purchase order for the Street Lighting Operations Department.

In the past this "Blanket Purchase Order" has been used to obtain small quantities and/or unforeseen materials on a short notice basis. This has also been extended to encompass hand and small power tools when the cost of repair versus replacement so dictates.

The purpose for such an order is to expedite repairs and other related maintenance and installation orders. The department has been requested to obtain such material from the vendors which have submitted bid prices. The best case scenario would be to extend the monies to include Wesco (Westinghouse Supply Company) due to the close location, Kendall Supply should material be needed and available while performing work on the north side of town, All Phase Electric due to the prices quoted to the Purchasing Department.

This is only in an effort to obtain material when needed as soon as possible in small amounts when waiting for the delivery of an expected previous order.

REF: Electrical Parts & Related Services

Dear Council Members,

The recommendation for Kirby Risk Supply Co. and WESCO for electrical parts and related services is due to our need for replacement parts and miscellaneous supplies to keep the plant electrical equipment, and lift stations, working.

Our switch gear equipment is 90% General Electric, and the need to have a large supply house for the miscellaneous parts makes these companies the most qualified.
